2011 SMJ Best Research Paper Awards

The Singapore Medical Association will be presenting awards for the Best Research Paper published in the Singapore Medical Journal (SMJ) in 2011. All original research papers that are published in the SMJ during the one year period from January 1, 2011 to December 31, 2011 will be considered for this award.

The following are the judging criteria:

- **The paper with the most potential impact on clinical practice**
- **Most rigorous study design/research methodologies**
- **Comprehensive data analysis and balanced discussion**
- **Data interpretation**

Distinguished members of the medical profession will be invited to serve on our panel of judges for selecting the winning papers.

The authors of the winning papers selected by our panel of judges will receive cash prizes for the first, second and third places. Prize winners will also receive a commemorative trophy and certificate.

We thank you for your support of the SMJ. The quality of our journal depends on the quality of your submissions.
