Join us in HEALING WITH LOVE, SCIENCE AND WISDOM

Alexandra Health is a public healthcare cluster formed to care for the needs of the community living in the north of Singapore. It seeks to provide good quality, affordable and hassle-free healthcare with science, love and wisdom. Alexandra Health manages Khoo Teck Puat Hospital and future plans include the establishment of a new community hospital and a medical centre.

We are looking for highly motivated, competent individuals with a passion for service to join us. We offer you a challenging and rewarding career, with opportunities to extend your networks.

RESIDENT PHYSICIAN (GERIATRIC MEDICINE)

The Department of Geriatric Medicine is a well-established department with many subspecialties such as Dementia, Continence, Falls, Palliative Care, Transitional Care, Acute Care and Community Geriatrics. The department is currently developing rapidly in the areas of Rapid Access Clinics, Transitional care, Dementia and Palliative care, looking especially to extending care into the community.

We are looking for resident physicians to work in these areas, with opportunities to do home visits and collaborate with community partners to deliver holistic, co-ordinated and integrated care for our patients. We have also piloted the use of telemedicine/tele-consults to deliver care to nursing homes and home care patients. There will also be opportunities to work within the geriatric inpatient and specialist outpatient setting as well as the sub-acute care and community hospital setting in the near future. The comprehensive practice environment is complemented by continuing education, training opportunities and close clinical supervision.

Fully/conditionally registered doctors with the Singapore Medical Council will be considered for this post.

If you see yourself taking up this challenge to make a difference in healthcare, please contact us with your detailed resume at:
